ROOSEVELT HOSPITAL

NEW YORK.

Thirty-third Annual Report

From January 1, 1904 to December 31, 1904.

NEW YORK

1905.

# THE ROOSEVELT HOSPITAL

Occupies the block of ground between 58th and 59th streets and the 9th and 10th avenues, and has erected thereon suitable buildings, which furnish accommodations for about two hundred and forty-four patients. It was opened for the treatment of medical and surgical patients November 2, 1871. The Ambulance Service was established in 1878. The Out-Patient (Dispensary) Department was added in 1881. The Gynaecological Division was separated from the Medical in 1888. The McLane Operating Room, the gift of Dr. James W. McLane, in memory of James W. McLane, Jr., for the use of the Gynaecological service, was opened in 1890. The Wm. J. Syms Memorial Operating Theatre was erected in 1892, and the Private Patients' Pavilion in 1896. The Training School for Nurses was organized in 1896. The Accident Building was erected in 1898, providing in the first story for treatment of emergency and accident cases, and in the second story a Medical Ward (opened in February, 1899), known as The Catherine A. Bliss Ward for Sick Children—the beds in which (12) have been endowed by Miss Bliss in perpetuity. A new Office Building for the Superintendent was constructed and occupied in 1901, and in the same year a Bureau of Information was established.

In 1902 new boilers of 600 horse-power replaced old boilers of less than half the capacity, and two Corliss Engines each of about 200 horse-power capacity, and two 100-kilowatt Westinghouse electric generators, in place of old type engines and generators of much smaller capacity, were installed in a specially constructed building—all constituting a new Power Plant presented to the Hospital by Mrs. Jeanette Dwight Bliss, widow of the late George Theodore Bliss, in whose memory the plant was given, at a cost to the donor of more than \$50,000.00.

In 1903 a Reading Room for the use of the House Staff was constructed at the cost of Drs. Seth M. Milliken, Jr., and Fred'k T. Van Beuren, Jr., members of the House Staff.

To erect, furnish and maintain the buildings, according

to the plans adopted, will require additional money beyond the funds provided by Mr. Roosevelt's Will; and the Trustees solicit contributions for this purpose, and for the endowment of free beds.

A donation of five thousand dollars entitles the donor to nominate patients to a free bed in perpetuity; and a donation of three thousand dollars entitles the donor to nominate patients to a free bed for the life of the donor.

In 1904, a new laundry was constructed and equipped with new machinery electrically operated. The wash-room of the old laundry was converted into a store-room and provided with new fixtures.

A brick wall 8 feet high was built around the westerly half of Hospital block.

New York, January, 1905.

## Officers 1905:

President, . . . . . \*JAMES WOODS McLANE, M.D.  
Vice-President, . . . . . W. IRVING CLARK.  
Secretary, . . . . . W. EMLEN ROOSEVELT.

## Trustees:

PHILIP SCHUYLER,

*President, etc., of "The Society of the New York Hospital."*

SAMUEL W. LAMBERT, M.D.,

*Acting Dean of "The College of Physicians and Surgeons in the City of New York."*

JAMES J. HIGGINSON,

*President, etc., of "The New York Eye and Ear Infirmary."*

CHARLES C. SAVAGE,

*President, etc., of "The Demilt Dispensary."*

F. AUGUSTUS SCHERMERHORN,

*President, etc., of "The New York Institution for the Blind"*

W. IRVING CLARK,

GEORGE G. DE WITT,

W. EMLEN ROOSEVELT,

JAMES WOODS McLANE, M.D.

---

## Treasurer:

RICHARD TRIMBLE.

\*In place of MR. CHARLES C. SAVAGE, resigned.

## MEDICAL BOARD.

---

### Consulting Physicians:

THOMAS A. EMMET, M.D. FRANCIS DELAFIELD, M.D.

### Consulting Surgeons:

ROBERT ABBE, M.D.

WILLIAM T. BULL, M.D.

### Consulting Gynaecologist:

ROBERT WATTS, M.D.

### Consulting Neurologist:

PEARCE BAILEY, M.D.

### Consulting Laryngologist:

JAMES E. NEWCOMB, M.D.

### Physicians:

WILLIAM H. THOMSON, M.D. WALTER B. JAMES, M.D.

GEORGE L. PEABODY, M.D. \*ABRAHAM JACOBI, M.D.

### Surgeons:

ROBERT F. WEIR, M.D. JOS. A. BLAKE, M.D.

### Gynaecologist:

GEORGE M. TUTTLE, M.D.

A. E. GALLANT, M.D.  
J. W. MACNIDER, M.D.

New York, January 31, 1905.

At a meeting of the Trustees of the Roosevelt Hospital, held this day, the following report of the Superintendent was presented and ordered to be printed.

W. EMLÉN ROOSEVELT,  
Secretary.

# REPORT OF THE SUPERINTENDENT.

New York, January 1, 1905.

To the BOARD OF TRUSTEES:—

Gentlemen:—I have the honor to present herewith the thirty-third annual report of the Hospital for the year ending December 31, 1904.

The number of patients under treatment, 4,236, was 380 larger than during the previous year.

The daily average number of patients, 182, was 16 smaller than in 1903.

The average length of stay of each ward patient was  $15\frac{1}{3}$  days, as against  $18\frac{1}{3}$  days for the previous year, and that of each private patient was 19 8-10 days, as against 21 9-10.

If to the daily average number of indoor patients, 182, is added the daily average number of patients treated in the Out-Patient Department, 220, and the daily average number of cases treated in the Emergency Department, 53, the daily average number of patients coming under the care of the Hospital was 455, as against 464 during the previous year.

The largest number of ward and private patients in any one day was 216, against 233 of the year before, and the smallest, 148, against 152.

The number of cases, 10,015, treated in the Emergency Department, but not detained for ward treatment, was 144 smaller than in 1903, when the highest previous record was

made for that service. The number of visits to that Department was 19,399.

The growth of operative surgery at the Hospital during the last 30 years is reflected in the following:

### RECORD OF OPERATIONS.

	Surgical Division.	Gynaecological Division.	Total Operations.
1873	32		32
1874	166		166
1875	207		207
1876	216		216
1877	154		154
1878	132		132
1879	156		156
1880	121		121
1881	406		406
1882	340		340
1883	364		364
1884	526		526
1885	519		519
1886	713		713
1887	783		783
1888	1,246		1,246
1889	1,779		1,779
1890	1,231	225	1,456
1891	(Statistics deficient)		
1892	841	240	1,081
1893	989	261	1,250
1894	1,074	276	1,350
1895	1,237	372	1,609
1896	1,196	340	1,536
1897	1,127	366	1,493
1898	1,006	348	1,354
1899	1,336	374	1,710
1900	1,571	382	1,953
1901	1,774	387	2,161
1902	1,846	450	2,296
1903	2,186	427	2,613
1904	1,476	421	1,897

It was in 1900 that your Board, in consequence of the phenomenal growth of the Surgical Service, created two divisions in place of one.

The question of increased hospital accommodation and the need for it has had considerable discussion in the public press during the present year. The following statistics from the records of this Hospital will have some interest, as bearing upon the subject :

#### NUMBER OF PERSONS WHO APPLIED FOR ADMISSION, BUT WHO WERE NOT RECEIVED :

In 1901	—	884
“ 1902	—	863
“ 1903	—	713
“ 1904	—	790

In addition to the foregoing, many more were taken to Bellevue Hospital, the City Institution, by ambulances from this Hospital, direct from the place of call, or from the Emergency Department or the Wards—to make room for other applicants—that number, for four years past, being recorded below :

In 1901	—	1,165
“ 1902	—	1,025
“ 1903	—	1,040
“ 1904	—	1,474

It will thus be seen how much the necessity for closing the surgical ward of twenty-eight beds for women is to be regretted.

#### AMBULANCE SERVICE.

It will be recalled that, in November, 1903, pursuant to the conclusion of your Board that it was best to abandon the use of electric ambulances, which had been employed since September, 1900, return was made to the use of horse ambulances, which have been wholly relied upon during the year just closed. The calls upon them, 6,719, were 897 more than for the preceding year.

The cost of that service for the four successive years last past has been as follows :

In 1901	—	\$3,721.47; 2	electric vehicles used.
“ 1902	—	3,285.11; 2	“ “ “

In 1903 — 6,043.59; 2 electric vehicles used. (Deducting the cost of two new one-horse ambulances, with harnesses for the same, and one horse, which were the gift of a member of your Board, the cost was \$4,333.59.)

“ 1904 — 2,488.20; Horse ambulances used altogether.

### OUT-PATIENT DEPARTMENT.

The record of visits to the Out-Patient Department, 67,313, appearing in detail in another part of this report, shows a decrease of 276 visits on the Medical and an increase of 4,772 on the Surgical Division.

The enviable reputation hitherto enjoyed by that Department for good work was fully maintained. The Hospital has been fortunate in enlisting the services of graduated men—that is, men who, for the most part, have had hospital experience. They have been zealous in the performance of their work and have reflected credit upon themselves and the Hospital by their devoted attention to it.

### BETTERMENTS.

The necessity for economy, in which your Board had set an example, early in the year, by closing a ward of 28 beds, would have made many much-desired improvements impossible of realization had it not been for the assistance to that end given by a member of your Board who enlisted the helpfulness of esteemed friends to the degree that secured for the Hospital betterments involving an outlay which aggregated \$33,964.48 and among which were the following: The construction of a new laundry and its equipment with electrically operated machinery; the establishment of a new storeroom; the substitution of electric power for steam in the operation of two elevators, and inclosing the westerly half of the Hospital block with a brick wall.

### EXPENSES.

The sum expended for the current support of the Hospital, \$179,573.56, was \$11,172.11 smaller than that for the

previous year. \$17,480.95 should not be regarded as part of the cost of maintenance, for the reason that that sum was refunded to the expense account in the manner indicated below:

Amount paid for special nurses, but returned to the Hospital by a charge to the private patients for whom the nurses were engaged.....	\$13,939.44
Amount accruing from sale of Hospital supplies to associated institutions, and of uniforms to nurses of the Training School, etc .....	3,541.51
	<hr/>
	\$17,480.95

Thus leaving the cost incurred for the current support of the Hospital and Out-Patient Department.....\$162,092.61

Estimating the cost of the Out-Patient Dept. at 10,000.00 we find that the actual expense for the maintenance of the Hospital proper was \$152,092.61 or \$2.25 per day per patient, an increase of 7 cents over the preceding year.

The cost of maintaining the Syms Operating Building was \$8,385.49, most of which was met from the income from the funded bequest of Mr. William J. Syms.

The decreased cost per capita for food, as compared with the previous year, was 1 1-6 cents, the expense of food for each inmate having been 35 1/3 cents, as against 36 1/2 cents the previous year. These figures represent the cost of food supplies before preparation.

### BENEVOLENT WORK.

The number of patients treated in the wards without cost to the individual, during 1904, was 3,093, as against 2,807 the previous year. The number of ward patients was 3,875, as against 3,457. As only 782 paid for any part of their board, the percentage of entirely free patients was 79 4-5.

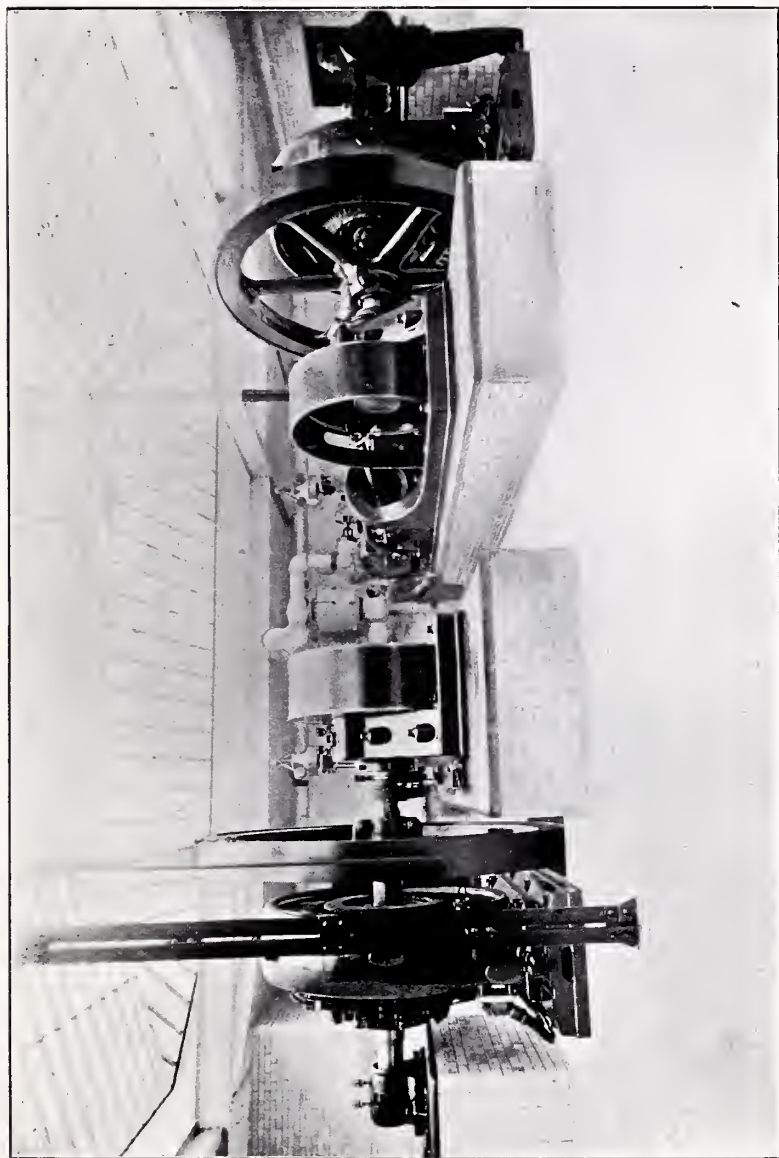

## INCOME.

It was hoped that the drastic measure taken by your Board early in the year in closing a ward of 28 beds, might result in bringing the expenditures for the year within the income, but so great has been the demand upon the facilities of the Hospital for the care of emergency, as well as other cases, that there have been times when the remaining accommodations of the Hospital were seriously taxed for the care of patients whom considerations of humanity dictated be received. The result has been that heroic efforts have been made to afford relief with the restricted capacity, and the close of the year would have shown a deficit of \$8,893.19, if it had not been for the fact that three generous friends contributed the amount required to *wipe out* the deficit. If to that sum were added the amount of \$33,964.48, already alluded to as expended by a member of your Board in necessary betterments, the deficit would have aggregated \$42,857.67.

In the light of these figures, may not attention again be called to the need of increased endowment in the sum of \$500,000, which is really the minimum sum required to produce a revenue which will be sufficient to maintain the Hospital in its present line of work.

## GIFTS, DURING 1904.

W. A. Putnam .....	\$15.00
Mrs. W. Emlen Roosevelt.....	100.00
Jane Remsen Thompson, by Dr. Blake.....	50.00
D. Auerbach & Sons .....	50.00
Brick Presbyterian Church—Designated portion Hospital Sunday offering.....	100.00
C. E. Neal.....	25.00
John H. Hoyer.....	5.00
Enoch Morgan's Sons & Co.....	50.00
Mrs. Pierre Mali .....	25.00
Designated Portion of Hospital Saturday and Sunday Association.....	1,103.00
Mrs. J. Blair.....	10.00

The New Power Plant

A Room in Private Patients' Pavilion.

Joseph, Leo and Edward Kohnstamm .....	25.00
Interborough Rapid Transit Co.....	292.33
National Roosevelt League.....	49.40
James R. McAfee .....	25.00
The Local Friendly Sons of St. Patrick .....	100.00
Undesignated Portion of Hospital Saturday and Sunday Association.....	4,216.99
Mrs. George Bliss .....	5,000.00
To meet deficiency of income—	
Mrs. James A. Roosevelt .....	4,000.00
Friends through Dr. James W. McLane, of the Board of Trustees .....	4,000.00
F. Augustus Schermerhorn, of the Board of Trus- tees.....	893.19
Since January 1, 1905, the Hospital has received from	
Colonel W. A. Roebling.....	5,000.00
and from Mr. Henry C. Wells.....	5,000.00
	<hr/>
	\$30,134.91

for current expenses, and in consequence your  
Board has ordered Ward 3 reopened.

#### ADDITIONS TO THE ENDOWMENT FUND.

The permanent fund of the Hospital has been increased thirty thousand dollars by the endowment of six beds, each in the sum of five thousand dollars, by the following-named donors:

Matilda W. Bruce .....	\$5,000.00
Mary E. Jesup.....	5,000.00
Sarah M. Moore .....	5,000.00
George G. De Witt.....	5,000.00
Catherine A. Bliss .....	5,000.00
Augusta H. Bliss.....	5,000.00

#### CONTRIBUTORS TO THE CHRISTMAS CELEBRATION.

"A Friend," to help give the children at Roosevelt

Hospital a bright and happy Christmas..... \$50.00

"A Friend," at the hand of Miss Samuel..... 1.00

Mrs. Thomas W. Porter.....	15.00
Elizabeth W. Muller, 10 West 43d Street.....	10.00
Margaret L. Muller, 10 West 43d Street .....	10.00
William Scott, 33 West 63d Street.....	5.00
Mr. George G. De Witt, of the Board of Trustees..	15.00
Miss Frances Coffing .....	5.00
Mr. W. Irving Clark, of the Board of Trustees....	10.00
Mr. S. Bayard Dod, Hoboken, N. J., New Pennies.	3.00
Mr. Henry C. Wells .....	10.00
Mr. and Mrs. John Lawrence .....	10.00
Miss Elizabeth M. Burns, 123 West 74th Street, a box of books.	
Mr. George Ehret, 235 East 92d Street, 1 bbl. table apples, 1 box oranges.	
Mrs. Poor and Mrs. Austin, 1 West 81st Street, ½ dozen Tuck & Son's books, 1 dozen sets of building blocks, 1 dozen filled stockings, 1 toy cane.	
Mrs. W. S. Gurnee, at the hand of Miss Douglass, a quantity of Christmas toys.	
Children of Hope Church, Lakewood, N. J., at the hand of Miss Katharine F. Hinsdale, 9 dressed dolls, 20 filled stockings, 1 box crackers, 1 bag peanuts, 1 box candy, 2 woolen caps, and some picture cards.	
Junior Christian Endeavor Society, Manasquan M. P. Church, Manasquan, N. Y., 14 Christmas stockings, filled with popcorn, etc.; Christmas cards, picture books, oranges and apples.	
Katharine Spafford, 2 Scrap Books for children.	
Mrs. Walter Graeme Ladd, The Waldorf-Astoria, box of cut flowers.	
Mrs. Chas. Cleveland Dodge, 1 West 83d Street, 2 boxes of toys.	
Mr. Philip M. Lydig, 1 box cut flowers.	
Miss Mary Curtis, 30 East 64th Street, toys.	
Mr. Marshall Perry Slade, 125 East 57th Street, 1 box of oranges for children in Surgical Ward.	
"Baby Sidney," at hand of Miss Evelyn G. Smalley, 125 West 73d Street, toys for all the children, game for Children's Surgical Ward, gift for each patient in Women's Surgical Ward.	

Sewing School of Manhattan Congregational Church, Broadway, near West 76th Street, 1 doll for Children's Ward.

The foregoing donations provided Christmas trees for the Bliss Medical and the Surgical Wards for Children and gifts for the female patients.

The Surgical Ward for Men was decorated by Mr. Gray, of the 57th Street Branch of the Y. M. C. A., and Dr. Van Beuren, House Surgeon, gave a present to each patient in that ward.

### DIVERSIONS.

The "Hospital Club," organized by Mrs. Franklin and comprising Miss Reid, the Misses Muller, Mrs. and Miss Connor, Miss Spence and Messrs. Schroeder, Alexander and W. K. Rishel, alternated with Mr. James Gray, Jr., Chairman of the Sick Committee of the 57th Street Branch of the Y. M. C. A., in arranging a service of song and directing the singers who came to the Hospital on Sunday afternoons to enliven the patients with music.

Other friends of the Hospital have, in a quiet but grateful way, lent comfort and good cheer to the patients by visiting them during their stay in the Hospital and, in some instances, furnishing needed assistance when they were able to leave.

### THE TRAINING SCHOOL.

This department of the Hospital has maintained the high standard of excellence set by its Superintendent, Miss Mary A. Samuel, whose announcement of the scope of its work follows:

The Hospital affords exceptional advantages for the education of nurses, and offers opportunities for a thorough and varied practical experience in the Medical, Surgical, Gynaecological and Children's Wards; also in the General and Gynaecological Operating Rooms, the Emergency Department, a three months' course in Obstetrical nursing at the Sloane Maternity Hospital, and a course in Dietetics and Massage. Class recitations and practical demonstrations

by the Superintendent of the School, her Assistant and the Head Nurses are given throughout the year. In addition, there is a regular course of lectures by the Visiting Physicians and Surgeons on Anatomy, Physiology, Materia Medica, Hygiene, Bacteriology and Urinalysis, with practical tests; also nursing in Medical, Surgical, Gynaecological and Children's Diseases.

The Diet Kitchen is under the direction of a graduate of the Boston Cooking School, and is thoroughly equipped for teaching purposes. The course of instruction includes the properties, preparation and attractive serving of foods and their application to the needs of the sick.

Theoretical and practical instruction in Massage is given by an experienced teacher, graduated from the best schools of Massage in Denmark and Sweden.

The full course of instruction covers a period of three years. Candidates desirous of entering the School should apply personally or by letter to "The Superintendent of the Training School for Nurses."

A demonstration of practical work was given by members of the Graduating Class of the Training School in the Amphitheatre of the Syms Operating Building on the evening of February 24 and was witnessed by many interested friends of the Class. It was followed on the evening of March 2 by a reception held in the Reading Room of the House Staff, where an address to the members of the Graduating Class was delivered by Dr. Wm. H. Thomson, President of the Medical Board, and was followed by a presentation of diplomas by Mr. Chas. C. Savage, the President of your own Board.

Following are the names of the nurses who graduated on that evening, together with their present location:

Sara Hart Wells, Office Assistant, New York City.

Anna Frances Campbell, private duty, New York City.

Ella M. Tennant, private duty, New York City.

Gertrude Sanford, private duty, New York City.

Emma E. Dorr, private duty, New York City.

Julia M. Birkenmayer, private duty, New York City.

Caroline Margaret Wyman, private duty, New York City.

Nellie Woodward, private duty, New York City.  
 Margaret H. Daly, private duty, New York City.  
 Laura A. De Leon, private duty, New York City.  
 Margaret Blair, The French Hospital, New York City.

the cordial support given to me as your executive officer,  
I am, Gentlemen,

Yours very respecyfully,

JAS. R. LATHROP,

Superintendent.

Private Bathroom, Private Patients' Pavilion.

Serving Room Private Patients' Pavilion.

## SUMMARY.

The number of patients remaining Dec. 31, 1903, was.....	205	
The number of patients admitted during the year was.....	4,031	4,236
Total number discharged was :		
Cured .....	1,817	
Improved .....	1,447	
Not improved .....	255	
Died.....	546	
Remaining in Hospital Dec. 31, 1904.....	171	4,236
Males.....	2,379	
Females.....	1,857	4,236

The number of cases treated in Emergency Department, but not detained for Ward treatment, does not embrace such persons as received treatment in Hospital Wards, or in Out-Patient Department, and thus relief was afforded to a large number of persons without taxing the accommodations of the Hospital for their maintenance—that number aggregating .....			10,015
Number of Ambulance Calls .....			4,888
Number brought by Ambulance to the Hospital after being examined at their homes .....			139
Number of Ward patients transferred by Ambulance to other Hospitals or elsewhere .....			106
Number of cases not admitted to Hospital Wards, but sent by Ambulance from the Emergency Department, their homes or elsewhere, direct to other Hospitals .....			1,474

## NATIONALITIES.

	Males	Females		Males	Females	
American .....	1,266	1,024	Belgian and Dutch...	4	1	
Irish .....	332	287	Austrian .....	50	31	
German .....	161	100	Russian .....	68	46	
English and Scotch ..	130	98	W. Indies .....	39	28	
French .....	15	15	S. Amer. and Cuba ..	6	1	
Scandinavian .....	37	44	Poles .....	4	2	
Italian .....	113	55	Unknown.....	11	4	
Swiss .....	13	11	Asia .....	3	4	
Spanish.....	5	2	Other Nationalities ..	36	18	
Slaves .....	1	0				
				2,294	1,771	4,065

## CLASS.

Paying full or part board, of whom 361 occupied private rooms.....	1,143
Entirely free.....	3,093
	<hr/>
	4,236
Daily average number of Patients throughout the year ..	182
Number of days of Hospital care { Private Patients 7,568 }	67,619
{ Boarders (54) 959 }	
{ Ward..... 59,092 }	

## ACCIDENTS.

Number of accidental injuries received into the wards.... 567

## DEATH RATE.

The death rate from all causes, for the year, has been about 12 4-5 per cent.

Deducting from the number of deaths (546), 156 cases brought to the Hospital in a dying condition, the death rate would be about 9 1-5 per cent. against 8 in the preceding year.

## INMATES.

House Officers.....	3
Medical Staff.....	16
Average number of attendants, including special nurses ..	212
Average number of patients .....	182
	<hr/>
	413

From the opening of the Hospital, Nov. 2, 1871, to Dec. 31, 1904, there have been treated in all 77,747 patients, of whom 13,216 have paid full or part board, and 64,531 were cared for gratuitously, thus making 83 per cent. of the whole number treated free patients.

## EXPENSES.

Cost per day per patient thus:

Hospital expenses in full.....	\$179,573.56 ÷ 67,619
the number of days of Hospital care...	<hr/> = \$2.65½
From the above exhibit of Hos-	\$179,573.56

Forward.....\$179,573.56

Brought forward . . . . . \$179,573.56

pital expenses there should be deducted the sum paid for services of special nurses, of which all was returned to the Hospital by a charge to the private patients for whom the nurses were engaged.....\$13,939.44

Also amount accruing from sale of Hospital supplies to associated institutions, uniforms to Nurses of the Training School, etc ..... 3,541.51

\$17,480.95

And the cost, approximated, of the Out-Patient Department..  $10,000.00 = 27,480.95$

Leaving net expenditure for current support of the Hospital proper .....  $\$152,092.61 \div 67,619$

The number of days of Hospital care, as hereinbefore stated= $\$2.25$  as the net cost per day per patient.

Of the 67,619 days of Hospital care, there were 8,527 days' maintenance of private patients and their friends (the latter numbering 959 days) and 59,092 days' maintenance of ward patients.

Of the aforementioned Hospital Expenses, the cost of food per day for each inmate was  $35\frac{1}{3}$  cents, thus: Total cost of food (before preparation)..... $\$53,387.99 \div 151,158$  (413x366)

The aggregate number of days' food furnished inmates= $35\frac{1}{3}$  cents.

Number of prescriptions dispensed in Drug Department:

Surgical Div.	Medical Div.
30,899.....Hospital.....	25,637=56,536
11,103.....Out-Patient Department.	29,726=40,829

97,365

The following table presents a statement of the operations of the Out-Patient Department during the past year:

1904.	MEDICAL AND GYNÆCOLOGICAL.			SURGICAL.		
	Number of New Patients.	Number of New and Old together.	Daily Average.	Number of New Patients.	Number of New and Old together.	Daily Average.
January.....	629	2,153	86	442	2,584	103
February.....	699	2,274	99	472	2,554	111
March.....	736	2,435	90	545	3,180	118
April.....	797	2,543	93	489	3,148	121
May.....	822	2,460	98	548	3,222	128
June.....	692	2,273	88	525	2,935	112
July.....	623	2,173	87	615	3,301	132
August.....	874	2,584	95	789	4,285	159
September.....	714	2,336	93	619	3,878	155
October.....	735	2,537	97	548	3,827	147
November.....	682	2,363	93	450	3,174	132
December.....	583	2,141	82	536	2,953	114
Totals.....	8,586	28,272	93	6,578	39,041	127

New patients treated.....	15,164
Visits made by them.....	67,313
Daily average of both divisions .....	220
Prescriptions issued.....	40,829
The largest number of visits in one day was on Aug. 15 .....	349
The smallest number was on January 29 .....	134
Admitted from there to Hospital.....	328
Treated there since opening (1881) .....	399,194
Visits made there since 1886, the records prior to that time being incomplete .....	1,331,470
Dispensary expenses for the year, estimated .....	\$10,000.00
Receipts for prescriptions and dressings .....	8,471.15

Making the net cost of that Department to the Hospital for the year ..... \$1,528.85

New York, January 31, 1905.

To the Board of Trustees :

Gentlemen:—I have the honor to transmit the following reports containing the statistics of the work done on the several divisions of the hospital during the year 1904.

The number of patients

Remaining in Hospital Dec. 31, 1903	205	
Admitted during 1904 .....	<u>4,031</u>	4,236

Discharged from the

Medical Division .....	1,251	
Bliss Ward .....	183	
Surgical Division .....	2,077	
Gynaecological Division .....	<u>554</u>	
	4,065	
Remaining in Hospital Dec. 31, 1904	<u>171</u>	4,236

The detailed statistics are appended.

Respectfully,

HOWARD C. TAYLOR,  
Registrar.

## REPORT OF THE MEDICAL DIVISION.

Prepared by Howard Canning Taylor, M.D.

During the year 1904 there were discharged from the medical division 1,251 cases, as follows:

Discharged well.....	516
Discharged improved.....	386
Discharged unimproved.....	59
Died.....	290

1,251

A list of deaths is given on page 113.

## REPORT OF THE SURGICAL DIVISION.

The report of the surgical division for the year 1904 comprises the following two tables:

TABLE I.

Prepared by Howard Canning Taylor, M.D.

This table contains all the cases discharged from the surgical wards during the year, arranged according to a regional classification under the subdivisions injuries, diseases, tumors and congenital defects. The sex and condition at the time of discharge are given in the vertical columns.

Number of cases discharged well .....	961
“ “ “ improved ..	805
“ “ “ unimproved	121
“ “ that died.....	190
<hr/>	
Total number of cases .....	2,077

Many cases discharged improved returned to the hospital for treatment and dressing, and were ultimately cured. The above enumeration represents the actual condition at the time of discharge, and not the ultimate result.

A list of deaths is given on page 113.

## REPORT OF THE GYNAECOLOGICAL DIVISION.

Prepared by Wm. H. Wellington Knipe, M.D., House Gynaecologist.

The report of the Gynaecological Division for the year 1904 is comprised in the following two tables :

TABLE I.

This table contains all cases treated in this division during the year, and is arranged according to region involved. The condition at time of discharge is indicated in the vertical columns.

The total number of cases treated was 554, with results as follows :

Discharged cured .....	271
“ improved.....	222
“ not improved.....	47
Died.....	14
	<hr/>
	554

## EXTRACTS FROM THE BY-LAWS.

## I. The Admission of Patients.

1. Patients suffering from severe accidents or serious illness shall be admitted to the Hospital at any hour of the day or night.

2. Other patients shall be admitted between 9 o'clock a. m. and 5 o'clock p. m. They must apply in person at the office of the Hospital, when they will be examined and passed for admission by the House Physician, Surgeon, or Gynaecologist on duty; or, if unable to apply in person, they shall be visited at their homes by the House Physician, Surgeon, or Gynaecologist on duty, or one of their assistants.

3. Any member of the Medical Board may send to the wards of the Hospital such patients as he sees fit, giving them a special order for admission, subject to the regulations of the Hospital.

4. No patient suffering under any contagious disease shall be admitted, except such cases of emergency as require immediate attention; and such cases so admitted shall be placed in the isolating room only.

5. There shall be posted in the office daily the number of occupied beds in each ward.

6. Application for the admission of patients living out of the city must be addressed to the Superintendent of the Hospital and accompanied by a certificate of some respectable physician, stating the nature and probable duration of the disease.

## II. Rules for Patients.

1. Patients admitted to the Hospital are forbidden to use profane or indecent language; to express immoral or infidel sentiments; to play at any game for money; to

smoke tobacco in the house, or to procure for themselves or others any intoxicating liquors.

2. No patient shall be allowed to have any book, pamphlet or newspaper of an immoral or indecent nature.

3. No male patient shall go into any of the women's wards nor any female patient into any of the men's wards.

4. No patients shall enter the dead-house, engine-rooms, kitchen, theatre, or any of the attendants' rooms, except by order of the Superintendent or other officer of the house.

5. No patient shall leave the house without permission of the Superintendent. When desiring to go beyond the Hospital bounds, patients must obtain a card from the House Physician, Surgeon or Gynaecologist, at his morning round, stating that he has no objections, which card, when countersigned by the Superintendent, will serve them as a pass, and will be good for the day upon which it is given, but must be surrendered to the doorkeeper when the patient goes out.

6. Patients admitted to the Hospital must leave with the Superintendent for safekeeping, and for which a receipt will be given, any money or other valuables they may have; and in case of their failure to do so, the Hospital will not be responsible for any loss which may occur.

7. No patient may purchase, or procure any attendant to purchase for him, any articles whatever without permission of the Superintendent.

No member of the House Staff, Nurse or other employe shall receive any compensation, gift or bequest from any patient, unless authorized to do so by the Visiting Committee. Any infraction of this rule makes the employe liable to immediate dismissal.

All complaints should be made to the Superintendent.

## REGULATIONS FOR VISITORS.

### Visiting Days.

The regular visiting days at this Hospital are Sundays, Wednesdays and Fridays, and the hours from 1 to 2 o'clock in the afternoon.

Not more than two persons will be allowed to visit a patient on the same day.

In cases of alarming illness, of which due notice will always, if practicable, be given to the immediate relatives or friends of a patient, visits will not be restricted to the regular days or hours.

Visitors will not remain with patients beyond the visiting hour, and must not converse with any patient who is not a relative or near friend.

The nurses and orderlies will see that these rules, which are adopted for the good of the patients, are closely observed. They apply alike to visitors to both men and women patients.

All visitors are requested to leave when the bell rings, at the expiration of the visiting hour.

Visitors are prohibited from taking anything to eat or drink into the wards. All such must be left with the door-keeper marked with the name of the patient for whom they are intended. After the visiting hour they will be examined by a medical officer, and if found unobjectionable will be sent to the patients as directed.

Diet Kitchen.

## DIETARY FOR PATIENTS.

### FULL DIET.

Daily.—Meat, dressed, 8 oz.; potatoes, 8 oz.; bread, 12 oz.; butter, 1 oz.; sugar, 2½ oz.; milk, ½ pint; coffee, ½ oz.; tea, ⅛ oz.  
On Sundays, Tuesdays and Thursdays other vegetables in addition to potatoes, 2 oz.; bread, rice or tapioca pudding.  
On Mondays and Wednesdays, soup, 1 pint. On Fridays, fish.

Breakfast.—Coffee, with milk and sugar, boiled eggs, bread and butter, porridge or oatmeal, wheaten grits or samp.

Dinner.—Sunday.—Roast beef, potatoes, tomatoes or other vegetable, bread and pudding.

Monday.—Corned beef, 12 oz.; cabbage, potatoes, bread and bread pudding.

Tuesday.—Soup, roast beef, potatoes, one other vegetable and bread.

Wednesday.—Roast or boiled mutton, potatoes, one other vegetable and bread.

Thursday.—Roast beef, potatoes, one other vegetable, tapioca pudding and bread.

Friday.—Fish, roast beef, potatoes, stewed tomatoes, bread and rice pudding.

Saturday.—Mutton broth, stew of mutton, potatoes, one other vegetable and bread.

Supper.—Tea, with sugar and milk, bread and butter, baked apples, or stewed pears, or prunes, or green or dried apple-sauce, and, on Sundays, ginger-bread, varied, alternate weeks, with currant-buns.

### HALF DIET.

Daily.—Meat, dressed, 4 oz.; potatoes, 4 oz.; bread, 6 oz.; of other articles, the same as in full diet.

### MILK DIET.

Daily.—Milk, 2 pints; bread, 12 oz.; rice or samp, 2 oz.; butter, 1 oz.

### EXTRAS.

Selection may be made from the following articles of special diet when it is deemed necessary by the Senior Physician on duty. This order may *not* be a standing one, but must appear *daily over the physician's signature* in book entitled "*Physician's Orders*."

Beef-steak.	Beef-tea.	Mutton Chops.	Chicken.
Chicken Soup.	Oysters or Clams.	Milk.	Eggs.
Gruel.	Corn Starch.	Rice.	

## TRAINING SCHOOL FOR NURSES.

## LECTURES AND DEMONSTRATIONS.

1904-1905.

## JUNIOR TERM.

Elementary Anatomy . . . . . Dr. S. M. Milliken, Jr.  
(with Demonstrations)

Physiology . . . . . Dr. A. W. Bingham.  
The Structural Elements of Tissues.  
Blood and its Functions.  
Alimentation: Food Principles.  
The Digestive Apparatus, Absorption.  
Secretions and Excretions.

Bacteriology . . . . . Dr. Norman E. Ditman.  
The Relation of Micro-organisms to Health and Disease.  
Wound Infection.  
Sterilization and Disinfection.

Medical Lectures . . . . . Dr. J. E. Newcomb.  
The Observation and Recording of Symptoms.  
Temperature, Pulse, Respiration.  
Diseases of the Respiratory Tract.  
Continued Fevers, Typhoid Fever.  
Medical Emergencies.

Surgical Lectures . . . . . Dr. A. C. Prentice.  
The Principles of Modern Surgery.  
Sepsis, Asepsis, Antisepsis.  
Wound Healing; Inflammation.  
Shock and Haemorrhage.  
Anaesthesia.

Weekly classes and demonstrations in Materia Medica, Hygiene,  
Dietetics, Theory, Ethics and Practice of Nursing.

Graduating Class, 1905, of the Training School for Nurses.

## INTERMEDIATE TERM.

Physiology . . . . . Dr. Wm. P. Healy.  
 Anatomy and Physiology of the Urinary Organs  
 and Diseases of the Kidneys.

Urinalysis, with Practical Instruction to the  
 Class in Sections . . . . . Dr. E. V. Hubbard.

Gynaecology . . . . . Dr. Howard C. Taylor.

## Surgical Lectures :

Surgical Technic by  
 Operative Demonstration . . . . Dr. George E. Brewer.  
 Infectious Surgical Diseases,  
 Nursing of Special Operative Cases,  
 Fractures, Sprains, Dislocations,  
 Tubercular Affections of Joints . . Dr. Carleton P. Flint.

## Medical Lectures :

Care of Children,  
 Diseases of Infancy and Childhood . . Dr. L. E. La Fetra.  
 Physiology of Alimentary Canal,  
 Working of Digestive Juices,  
 Hygiene of Digestive Tract.  
 Symptoms of Digestive Derangements. Dr. Frank S. Mathews.

## Dietetics :

Foods and their Relation to the Body.  
 Classification—Digestion—Nutrition.  
 Water—its Purity—its Necessity.  
 Milk—its Value—Ways and Means of Adul-  
 teration, Contamination, Preservation.  
 Principles of Chemistry Applied in the  
 Cooking of Meats, Eggs, Starches and  
 Sugars.  
 Diet in Various Diseases.  
 Preparation and Serving of Invalid's  
 Tray . . . . . Miss Harriet L. Heald.

Weekly classes in Theory and Practice of Nursing, Materia  
 Medica, etc.

## SENIOR TERM.

Diseases of the Throat and Nose . . . Dr. J. E. Newcomb.  
Treatment and Care in Diseases of Throat  
and Nose.

Diseases of the Skin.

Anatomy and Care of the Skin.

Nursing in Diseases of the Skin . . . Dr. George W. Crary.

Diseases of the Eye and Ear.

Anatomy and Care of the Eye in Health  
and Disease.

Anatomy and Care of the Ear in Health  
and Disease . . . . . Dr. Chas. H. May.

First Aid to the Injured . . . . . Dr. Chas. H. Peck.

Infectious Diseases.

Some Common Modes of Infection.

Prevention and Limitation.

Tuberculosis . . . . . Dr. J. E. Newcomb.

Massage.

Ten Lessons in Theory and Practical Dem-  
onstration . . . . . Dr. Gudrun Holm.

Weekly classes in Practical Nursing, Ward Management, Prepa-  
ration for Private Duty, etc.

## CHANGES.

To date (1904) in the members of the Board of Trustees and in the Officers of the Hospital since its organization; also in the Medical Staff.

## TRUSTEES.

BY CHARTER	1864	George T. Trimble, Pres. N. Y. Hospital,	Died	1872

			Retired	1900
	1894	W. Emlen Roosevelt.		

## TRUSTEES—Continued.

1895	Wm. C. Schermerhorn, Pres. N. Y. Inst. for the Blind,	
		Retired 1901
1896	George G. De Witt.	
1897	Sheppard Gandy, Pres. N. Y. Hospital,	Retired 1901
1898	Howard Townsend,	Resigned 1903
1900	Wm. Watts Sherman, Pres. N. Y. Eye and Ear Infy.,	
		Retired 1903
1901	F. Augustus Schermerhorn, Pres. N. Y. Inst. for the Blind,	
"	Cornelius N. Bliss, Pres. N. Y. Hospital,	Retired 1904
1903	James J. Higginson, Pres. N. Y. Eye and Ear Infy.	
"	James Woods McLane, M. D.	
"	John G. Curtis, M. D., Acting Dean Coll. Phys. and Surg.	
1904	Philip Schuyler.	
"	Samuel W. Lambert, M. D., Dean Coll. Phys. and Surg.	

## OFFICERS.

## Presidents.

1864	James I. Roosevelt.
1867	Edward Delafield.
1875	Adrian H. Muller.
1886	John M. Knox.
1894	James A. Roosevelt.
1898	Chas. C. Savage.

## Vice-Presidents.

1864	Edward Delafield.
1867	Adrian H. Muller.
1875	John C. Green.
1875	Royal Phelps.
1884	John M. Knox.
1886	John H. Abeel.
1887	James A. Roosevelt.
1894	Chas. C. Savage.
1898	W. Irving Clark.

## Secretaries.

1864	John M. Knox.
1877	James A. Roosevelt.
1887	W. Irving Clark.
1898	W. Emlen Roosevelt.

## Treasurers.

1864	George Trimble.
1872	Merritt Trimble.
1891	Richard Trimble.

## Superintendents.

1871	Horatio Paine, M. D.,	Died May 1, 1882
1882	George Wilkins,	Resigned May 1, 1883
1883	George E. Ranous,	Retired Nov. 1, 1883
1883	James R. Lathrop.	

## Assistant Superintendent.

1893	Charles B. Grimshaw, Apothecary to the Hospital.
------	--

## Chaplains.

1871	Rev. C. C. Whitehead, D. D.,	Died 1873
1873	Rev. Alex. R. Thompson, D. D.,	Died Feb. 7, 1895

## MEDICAL STAFF.

## Consulting Physicians.

1871	Alonzo Clark, M. D.,	Trustee 1875
1884	Alonzo Clark, M. D.,	Died 1887
1871	John T. Metcalfe, M. D.,	Died 1902
1875	Thomas A. Emmet, M. D.	
1898	Wm. H. Draper, M. D.,	Died 1901
1901	Francis Delafield, M. D.	

## Consulting Surgeons.

1871	Willard Parker, M. D.,	Died 1884
1871	Gurdon Buck, M. D.,	Died 1887
1878	Thomas M. Markoe, M. D.,	Died 1901
1888	Robert F. Weir, M. D.,	Resigned 1900
1900	Chas. McBurney, M. D.,	Resigned 1900
1900	Robert Abbe, M. D.	
1903	Wm. T. Bull, M. D.	

## Consulting Gynaecologist.

1888	Robert Watts, M. D.
------	---------------------

## Consulting Neurologist.

1903	Pearce Bailey, M. D.
------	----------------------

## Consulting Laryngologist.

1903 James E. Newcomb, M. D.

## Attending Physicians.

1871	T. Gaillard Thomas, M. D.,	Resigned 1874
1871	William H. Draper, M. D.,	Resigned 1898
1871	Francis Delafield, M. D.,	Resigned 1901
1871	Robert Watts, M. D.,	Gynaecologist 1883
1874	William H. Thomson, M. D.	
1887	J. West Roosevelt, M. D.,	Died 1896
1896	George L. Peabody, M. D.	
1898	Abraham Jacobi, M. D.	
1901	Walter B. James, M. D.	

## Attending Surgeons.

1871	Thomas M. Markoe, M. D.,	Resigned 1878
1871	Henry B. Sands, M. D.,	Resigned 1888
1871	Erskine Mason, M. D.,	Died 1882
1871	Robert F. Weir, M. D.,	Resigned 1881
1888	Charles McBurney, M. D.	Resigned 1900
1900	Robert F. Weir, M. D.	
1900	Wm. T. Bull, M. D.,	Resigned 1903
1903	Joseph A. Blake, M. D.	

## Attending Gynaecologists.

1883	Robert Watts, M. D.,	Resigned 1888
1888	George M. Tuttle, M. D.	

## Junior Physicians.

1896	Frank W. Jackson, M. D.
1899	Francis Huber, M. D.

## Assistant Surgeons.

1897	Robert Abbe, M. D.,	Resigned 1900
1903	Chas. Howard Peck, M. D.	
1903	Walton Martin, M. D.	

## Junior Surgeons.

1900	Joseph A. Blake, M. D.,	Attending Surgeon 1903
1900	George E. Brewer, M. D.	
1903	Lucius W. Hotchkiss, M. D.	

## Assistants to the Attending Surgeon.

1882	William S. Halsted, M. D.,	Resigned 1886
1886	Richard J. Hall, M. D.,	Resigned 1888
1886	Frank Hartley, M. D.,	Resigned 1896
1887	George S. Huntington, M. D.,	Resigned 1890
